VOCÊ CONHECE A ASSINATURA DE RISCOS?

Criamos a Assinatura de Riscos em 2018 quando percebemos que muitas pessoas deixavam de bordar por não saber desenhar. Ao fazer sua assinatura mensal ou anual, você receberá todos os meses um novo pacote de riscos para bordar. Cada pacote inclui um risco principal, com guia de pontos e cores pra você conseguir fazer um bordado como o nosso, além de diversos riscos no mesmo tema para compor e bordar como quiser. Você vai criar um acervo super diverso e poderá comercializar os bordados feitos a partir dos nossos riscos. Ah, e todos os pontos usados nesses bordados tem vídeos de tutoriais, disponíveis em nosso canal do Youtube.

Venha fazer parte da nossa comunidade de bordetes!
