OEM Part Number	Vogt Aero PMA Part Number	Description	Design Improvements	Next Level Assembly
428-0074-1 3520-0429-01	VA-2530-T01	Coffee Maker Hot Water Tank Stainless Steel	Upgraded one piece CNC machined end caps to minimize potential leak & corrosion points by eliminating pressed bushings. Material upgraded to 316SS and assembled with low carbon welding rod. Increased pressure test requirement.	411-0001-* 416-0001-* 416-1001-* 3510-0044-* Various other BE Aerospace Coffee Makers
467-0074-1	VA-2530-T02	Coffee Maker Hot Water Tank Stainless Steel	Upgraded one piece CNC machined end caps to minimize potential leak & corrosion points by eliminating pressed bushings. Material upgraded to 316SS and assembled with low carbon welding rod. Increased pressure test requirement.	467-0001-1
3520-0555-01	VA-2530-T03	Coffee Maker Hot Water Tank Stainless Steel	Upgraded one piece CNC machined end caps to minimize potential leak & corrosion points by eliminating pressed bushings. Material upgraded to 316SS and assembled with low carbon welding rod. Increased pressure test requirement.	4510-Series
3575-1251-07	3575-1251-07-VA	Coffee Maker Water Boiler Immersion Stick Heater 900W, 115VAC, 400Hz	All 316SS construction Electro-polished Two stage sealing of electrical leads	411-0001-*
3575-1251-01	3575-1251-01-VA			416-0001-*

11056-1	VA-2530-H02	Coffee Maker Immersion Stick Heater 900W, 115VAC, 400Hz	All 316SS construction Electro-polished Two stage sealing of electrical leads	11050- 111276- 11225- 111700- 280001-*
240233	240233-VA	Water Boiler Immersion Stick Heater	All 316SS construction Electro-polished Two stage sealing of electrical leads	72184100, 101, 106, 108, 109, 110, 113, 117
8921110G5	VA-2540-T01	Airbus Lavatory Hot Water Tank Stainless Steel	Upgraded one piece CNC machined end caps to minimize potential leak & corrosion points by eliminating pressed bushings. Material upgraded to 316SS and assembled with low carbon welding rod. Increased pressure test requirement.	24E507009G02 24E507009G03
8921385G1	VA-2540-T02	Boeing Lavatory Hot Water Tank Stainless Steel	Upgraded one piece CNC machined end caps to minimize potential leak & corrosion points by eliminating pressed bushings. Material upgraded to 316SS and assembled with low carbon welding rod. Increased pressure test requirement.	24E507040G01 24E507040G03 24E507040G04
24D507239P01	VA-2540-H01	Lavatory Immersion Stick Heater 140W, 115VAC, 400Hz	All 316SS construction Electro-polished Two stage sealing of electrical leads	24E507009G01 24E507040G01 - G06
24D507239P02	VA-2540-H02	Lavatory Immersion Stick Heater 70W, 115VAC, 400Hz	All 316SS construction Electro-polished Two stage sealing of electrical leads	24E507009G02 24E507009G03
3E2534	3E2534-VA	Lavatory Water Level Sensor	All 316SS construction - Electro-polished Gold plated electrical leads	24E507009G02 24E507009G03
24B508385P1	24B508385P1-VA	Lavatory Temperature Sensor	All 316SS construction - Electro-polished Two stage sealing of electrical leads	24E507009G02 24E507009G03 24E507040G04 - G06
4K1378-1	4K1378-1-VA (Under Development)	Lavatory Printed Circuit Board		24E507009G02 24E507009G03
532T1-1M-140	532T1-1M-140-VA	Lavatory Relief Valve		24E507009G02 24E507009G03
4E3160-1	4E3160-VA	Heated Drain Mast Assy	Replacement Heated Drain Mast	CRJ-200
4E3162-1	4E3162-VA	Heated Tube Assembly; HDM	Repair Assembly for the CRJ 200 & Q400 HDM	4E3160-1
4E3264-1	4E3264-1VA	Heated Drain Mast Assy	Replacement Heated Drain Mast	CRJ-700
4E3264-4	4E3264-4VA	Heated Drain Mast Assy	Replacement Heated Drain Mast	CRJ-900
4E3406-4	4E3406-VA	Heated Tube Assembly; HDM	Repair Assembly for the CRJ 900 & 700 HDM	4E3264-4 4E3264-1
3E3432-1	3E3432-VA	Sensor Assembly; HDM	Repair Assembly for the CRJ 900 & 700 HDM	4E3406-4 4E3406-1
3800-15-1	3800-15-1-VA	Thermostat	Repair Assembly	4E3162-1
D213-001	D213-001-VA	Thermal Cutoff Fuse	Repair Assembly	4E3162-1
4E3120-1	4E3120-1-VA	Composite Fairing	Repair Assembly for CRJ 100 thru 900 HDM	4E3160-1 4E3264-4 4E3264-1
4-60000H833-00	4-60000H833-VA (Under Development)	Heated Drain Mast Assy	Replacement Heated Drain Mast	A320, A330, A340 families
4-60001H833-00	4-60001H833-VA (Under Development)	Heated Tube Assembly; HDM	Assembly Replacement for repairs to Airbus HDM	4-60000H833-00
4-60007H833-00	4-60007H833-VA (Under Development)	Fairing	Assembly Replacement for repairs to Airbus HDM	4-60000H833-00
4E3120-2	4E3120-2-VA (Under Development)	Composite Fairing	Repair Assembly for ERJ 175 thru 195 Series HDM	19600-570
19600-570	19600-570-VA (Under Development)	Heated Drain Mast Assy	Replacement Heated Drain Mast	ERJ-175-195
